Hawaii Medical College

Our college is student-centered. We pride ourselves in creating a learning community that provides a caring and supportive environment, allowing students to develop the confidence and skills necessary to pursue rewarding careers.

Our students are encouraged to do their best and develop a 'no matter what' attitude as they mature into skillful, productive professionals who can readily compete in the medical industry.

We honor each other by listening attentively and patiently, encouraging friendly competition and celebrating different learning styles.

Hawaii Medical College is currently offering the following programs:

- Clinical Medical Assistant
- Pharmacy Technician
- Healthcare Administration, Billing and Coding
- AAS—Clinical Medical Assistant

NATIONAL PROFESSIONAL CERTIFICATIONS

Upon completion of respective Hawaii Medical College programs, national certifications will be administered by the following national bodies:

- Customer Service Institute of America (CSIA)
- National Healthcareer Association (NHA)
- American Academy of Professional Coders (AAPC)
- National Safety Council
- Pharmacy Technician Certification Board (PTCB)
- American Heart Association (AHA)
- Cardio-Pulmonary Resuscitation (CPR)
- Basic Life Saving (BLS)

CLINICAL MEDICAL ASSISTANT PROGRAM

Our Clinical Medical Assistant program provides hands-on experience and training for students looking for a career where they assist doctors and patients in physicians' private practices, clinics, laboratories and outpatient departments of hospitals.

Clinical Medical Assistants' duties include clinical and administrative tasks, writing medical histories, recording vital signs, preparing patients for examinations or lab tests and may be asked to draw blood, administer injections or perform additional patient testing.

At the completion of the program, students are eligible to take the Certified Clinical Medical Assistant, Certified Phlebotomy Technician (CPT) and Certified EKG (CET) exams nationally recognized by the National Healthcareer Association (NHA).

CERTIFICATIONS:

- National Safety Council
 - First Aid / CPR
- Certified Phlebotomy Technician
- Certified EKG / ECG Technician
- Certified Clinical Medical Assistant

PHARMACY TECHNICIAN PROGRAM

Our Pharmacy Technician program will provide you with the tools you need to become a successful professional in retail pharmacy, hospital, home healthcare settings, mail order or pharmaceutical wholesalers industry.

Pharmacy Technicians assist pharmacists in providing medications, drug information and healthcare products to patients. As a Certified Pharmacy Technician, you will receive, verify and prepare patient medications.

CERTIFICATIONS:

- Certified Pharmacy Technician
- Certified Customer Experience Professional

ASSOCIATE OF APPLIED SCIENCE:

- CLINICAL MEDICAL ASSISTANT
- HEALTHCARE ADMINISTRATION, BILLING AND CODING

Visit us at www.HMI.edu for complete information on these programs

HEALTHCARE ADMINISTRATION, BILLING AND CODING

Our Healthcare Administration, Billing and Coding program assists you with the fundamentals you will need to work within independent billing companies, clinical billing and/or coding departments, hospital billing and/or coding departments, private physician practices, insurance providers or from home.

Medical Coding and Billing personnel are needed in many different areas of healthcare administration. A Certified Medical Coder is greatly depended upon to produce accurate billing and provide assistance in helping administration offices to run smoothly.

Following the completion of our program, students will take certified exams including the Certified Professional Coder exam by the American Academy of Professional Coders.

CERTIFICATIONS:

- Certified Customer Experience Professional
 - Certified Professional Coder
 - Certified Billing and Coding Specialist
- Certified Electronic Health Record Specialist
